ADMINISTRATIVE VACANCY: TEACHING/SUBSTITUTE TEACHER

ASB is continuously looking for substitute teachers who are available on-call to cover for short term substitutions in the different subject areas. You will be required to carry out the tasks of the absent teacher for whom you are substituting. The substitute teacher is therefore responsible for delivering lessons based on the lesson plans outlined by the full-time teacher. Depending on the type of teacher absence that must be filled, substitute teachers may report to a classroom with as little as a few hours' notice; for this reason, substitute teachers should have teaching experience and knowledge of the subject matter.

Substitute positions:

- Early Childhood, Primary Teacher
- Early Childhood and Primary Assistant teacher
- Subject areas: Math, Science, English, IT, Humanities, Economics
